## Smart. Storage. Solutions.

For more than 40 years Bradford Systems has been the high-density storage leader in the state of Illinois. Whether storing paper documents, drawings, archives, DFA backup, critical documents, spare parts or obsolete inventory, we have the answer.

The elimination of non-productive fixed aisles compacts material and saves 50% of space for other functions such as library repurposing.

Mobilize your supplies! FrameWRX storage system can be used in conjunction with mobile high density storage systems for maximum storage capacity. Modular, adjustable shelves can be hung flat or angled, all without tools, for ultimate organization.

High Density Mobile is not just for records! Get slow moving inventory out of the way. ActivRAC mobilized storage system can increase warehouse space, allowing for more inventory all under one roof.
