

INDUSTRIAL STORAGE SOLUTIONS

SMALL SPACE MEETS **BIG STORAGE.**

Static isles are a thing of the past. ActiveRAC® Mobilized Storage Systems are the newest way to **increase your space, improve productivity, and better organize your materials.**

Our industrial space solutions offer three different load capacities to fit any storage need:

ActiveRAC 7M - max. 7,000 lbs

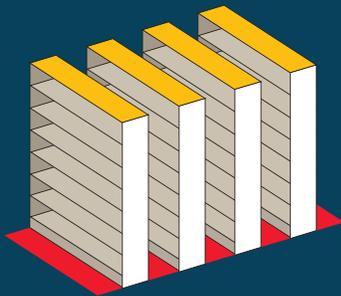

ActiveRAC 16P - max. 16,000 lbs, 32,000 lbs back-to-back racks

ActiveRAC 30P - max. 30,000 lbs, 60,000 lbs back-to-back racks

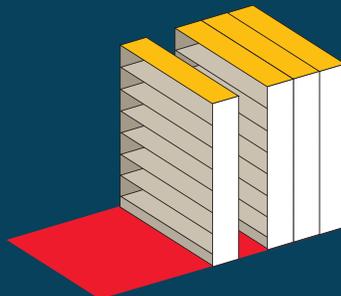

Each system can either **return 50% of storage space for other uses or double your capacity** in the same amount of square footage. The only problem you'll have then is knowing what to do with all the extra space.

BRADFORD
SYSTEMS

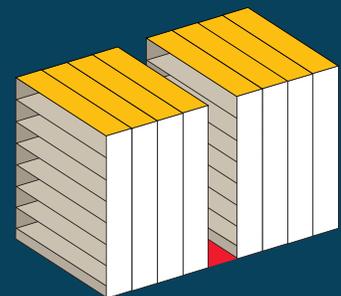

**Traditional Shelving
Wastes Space**

**Mobile Shelving
Increases Space**

**Double the Capacity
Same Floor Space**

Smart. Storage. Solutions.

Inventory Management

Caged Tire Storage

TOP TO BOTTOM WAREHOUSE OPTIMIZATION.

Optimizing your warehouse space doesn't have to be an overwhelming endeavor. Many facilities need to **accommodate both, large and small tools, parts & equipment.** In addition to Modula LIFT and SLIM systems & Vidir Vertical Carousels, we can also provide high-density shelving to maximize your space beyond what you can imagine.

What's more, our warehouse management software (WMS) is a centralizing system that can easily integrate with your current WMS systems, providing even more benefits to your industrial space.

Industry Uses

- Aerospace & Aviation
- Athletics Equipment
- Automotive
- Goods Importers and Exporters
- Manufacturers
- Oil & Gas
- Robotics
- Wholesalers
- + many more
