

Be Ready. NOW. Military NGSW Preparedness

Proactive Solutions for Every Unit.
Keep Your Division Ready and
Secure When Duty Calls.

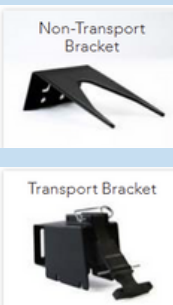

THE TIME TO PREPARE FOR STORING NEXT GENERATION SQUAD WEAPONS (NGSW) HAS ARRIVED. **MISSION ACCEPTED.**

With the more than 400,000 Next Generation Squad Weapons (NGSW) being issued over the next decade, weapons storage space at your base will be at a premium. To help support the revolutionary **M7** and **M250** arms and **Vortex Smart Optic** – in addition to the weaponry currently in your armory – Spacesaver has added to its high-quality Universal™ Weapons Rack (UWR®) product line.

WHY UPGRADE WEAPONS STORAGE NOW?

- ✓ Maximize Storage Capacity
- ✓ Enhanced Security and Accountability
- ✓ Cost Savings and Investment Protection
- ✓ Improved Operational Readiness
- ✓ Accommodate NGSW Before They Arrive

Spacesaver is the only approved vendor for transportable and non-transportable storage of the Next Gen Squad Weapons – M7/M250.

Not sure when NGSW are arriving? Let us make your job easier. We can ship out the new internal components now so your base has them on-hand, ready to put in when needed. Store the same amount of weapons you currently do with a clean swap of the new rack accessories. Ask us about our Department of Defense (DoD) military purchasing contracts.

Upgrade Your Military Facility Today for a Better Tomorrow.

Maximize Space. Improve Organization.
Enhance Traceability. Strengthen Security.

FLEXIBLE STORAGE FOR THE NEXT GENERATION OF SQUAD WEAPONS

- UWR 45" CABINET - PERFECT FIT FOR STORING THE NEW **M7 RIFLE** WITH NEW BRACKET VARIATIONS.
- NEW 51" CABINET - OPTIMIZED FOR **M250 MACHINE GUNS**. VERSATILE FOR TRANSPORT & NON-TRANSPORT. COMPATIBLE WITH HIGH-DENSITY SYSTEMS.
- HIGH-DENSITY MOBILE SYSTEMS - **UWR CABINETS & RACKS** CAN BE MOUNTED ON MOBILE SYSTEMS. INCREASE STORAGE CAPACITY & REDUCE ARMORY FOOTPRINT.

Spacesaver High-Density Mobile Systems with Mounted UWR

A Safe Spot for Everyone & Everything.
